

SAVE MONEY, SAVE ENERGY, ACT TODAY

Receive Special DISCOUNTS

- * Up to **\$200** on a new energy-efficient central air conditioner
- * Up to **\$200** on a new air-source heat pump
- * Up to **\$50** on duct work or repair

CAN YOU RELATE TO ANY OF THESE SCENARIOS?

- Do some of your rooms seem too hot or too cold?
- Does your home have humidity issues, excessive dust or certain areas that never get comfortable?
- Is your central air conditioner more than 10 years old?
- Is the system noisy or in frequent need of repair?

If so, then it may be time to call a JEA pre-qualified contractor to evaluate your central heat and air conditioner. Installing a new high-efficiency unit will qualify you for one of the JEA rebates.

WHAT CAN I EXPECT IN ENERGY SAVINGS?

There are many variables involved in actual energy savings gained from any particular upgrade. Review the various factsheets online at jea.com for more details on possible energy savings.

Rebate made possible by

ShopSmart with JEA incentives help our customers save money and invest in energy-efficient solutions at the same time. For more information, please visit jea.com/shopsmart or call our ShopSmart with JEA hotline at (877) 862-7043 to find a JEA pre-qualified contractor near you.

"Pre-qualified" means JEA has obtained a copy of each contractor's license and insurance and has checked the contractor's history with the Better Business Bureau. The choice of contractor and the work completed is between you and your contractor. JEA encourages you to get at least three estimates before making a major purchase and to fully understand all work proposed and performed by your contractor.
